Need Based Programs

The following programs are available to students who demonstrate financial need as determined by the Free Application for Federal Student Aid. The basic requirements for these programs at Black Hills Beauty College are that students must:

1. Be enrolled at Black Hills Beauty College.
2. Be a citizen or an eligible non-citizen of the United States.
3. Not owe a repayment on any prior grant received or be in default on any prior educational loan.
4. Maintain satisfactory progress.
5. Not have borrowed in excess of the educational loan limit.
6. Sign a statement of educational purpose.

Federal Pell Grant

The Federal Pell Grant Program is a financial aid program designed to provide those who need assistance to attend post-secondary educational institutions. These grants are intended to be the "floor" of a financial aid package and may be combined with other forms of aid. The Federal Pell Grant award is a gift aid and, unlike a loan, does not have to be repaid. The student's Federal Pell Grant eligibility must be determined before awarding other types of assistance.

Students must complete the Free Application for Federal Student Aid (FAFSA). The grant maximum for the 2017/2018 award year is \$5,920.00 and for the 2018/2019 award year is \$5,920.00. Eligibility is determined by the information provided by the applicant and/or the applicant's parents on the FAFSA. Disbursement of funds will be made (pending the receipt of funds from the U.S. Government) near the beginning of each payment period for which the student is eligible. The student's account at the college will be credited for the amount of the grant. If the student's account is paid in full, a check will be issued to the student.

Federal Direct Loans

ALL FEDERAL DIRECT LOANS BORROWED MUST BE REPAYED WHETHER OR NOT YOU COMPLETE THE COURSE OR ARE DISSATISFIED WITH THE TRAINING. These loans are low interest, deferred payment educational loans, which must be repaid. The student may borrow (depending on need) up to the federal annual maximum. All funds borrowed must be used for school related cost. The maximum loan each year may not exceed the educational cost minus family contribution and other financial aid received. Students borrow this money directly from the U.S. Department of Education. The interest rate on new loans is fixed as set by the U.S. Department of Education. Loan repayment will begin six (6) months after the student's last day of attendance. If a student does not return from an approved Leave of Absence (LOA) their Federal Student Loan repayment terms may be affected, including the reduction or expiration of their grace period. Payments are usually scheduled for up to ten (10) years

with a minimum payment of \$50 per month. The amount of the monthly payments will depend on the total loans borrowed. Students may defer payments for a period of time if they meet the following conditions:

- *serving in the Armed Forces, Peace Corps, ACTION programs
- *serving as an officer in the Commissioned Corps of the Public Health Service
- *serving as a full-time volunteer with a tax exempt organization
- *temporary total disability as established by sworn affidavit of a qualified physician, during a period which the borrower is unable to secure employment by reason of the care of a disabled dependent
- *when a borrower is serving an approved internship
- *when the borrower returns to full-time study
- *or other reasons as spelled out in federal regulations

Students must have determined their eligibility by submitting a Free Application for Federal Student Aid (FAFSA) before the college can process their Federal Direct Loan application. Net disbursement of loan funds are made by the institution.

Entrance Counseling - Federal Direct Loan borrowers must complete Entrance Counseling prior to the first disbursement of the first academic year's loan being made. All new borrowers have 30 days from the date they request the loan to complete the entrance counseling. Entrance Counseling must be completed online at www.studentloans.gov. The consequence for not completing the Entrance Counseling within the 30 day period, will result in the delay of loan disbursements.

Exit Counseling - Federal Direct Loan borrowers must complete Exit Counseling online at www.studentloans.gov within 60 days of their last day of attendance.

Federal Direct Parent Loans for Undergraduate Students (PLUS)

This federal program was established for students and parents to borrow funds to meet post-secondary educational costs. The student must be enrolled in an eligible program. In any case, the loan cannot exceed the student's estimated cost of attendance minus the estimated financial assistance that the student will be awarded for the period for which the loan is intended. Interest does accrue on the unpaid principal balance, and repayment begins within 60 days after disbursement of the check. Borrowers enrolled in school may request a deferment.

Application Forms

Federal Pell Grants -- use Free Application for Federal Student Aid (FAFSA).

Federal Direct Loans -- Borrowers must complete Entrance Counseling (EC) and a Master Promissory Note (MPN) online at studentloans.gov. The Entrance Counseling and Master Promissory Note must be completed before any loans will be disbursed.

Application Procedure

1. Complete an application for admission for the college.
2. Complete an application for Federal Student Aid.
3. Financial Aid awards are made on a "year to year basis". Each student must reapply each year. If a family has more than one member applying for Financial Assistance, each must submit an application.
4. Apply early! Students should be aware that Financial Aid Awards are made in accordance with the funds available. Early application will be more likely to result in aid awards if need is demonstrated. However, be sure to use accurate data when completing the forms. Estimating may result in time - consuming corrections.
5. Be sure to keep a copy of the parent's and the student's IRS 1040, 1040A, or 1040EZ, in case verification needs to be made by the Financial Aid Office. Approximately 30% of all students who apply for aid will be asked to verify the accuracy of their application. Black Hills Beauty College verifies all applications selected by the processor.

Application and Deadline Dates

It is a good idea to complete the application process (FAFSA) for financial aid at least two months in advance of the enrollment date. New classes begin in the following months: February, June and September.

Federal Direct Loan applications must be processed at least two weeks prior to the last date of the student's enrollment. A valid ISIR must be received in the Financial Aid Office before the student's last day of attendance in order for the student to receive payment.

Financial Aid Award Determinations

The Financial Aid Office is responsible for offering a Financial Aid "Package" to the students. A financial aid package will usually be composed of aid from Federal Pell Grants and/or Federal Direct Loans. The following is a description of the methods followed at Black Hills Beauty College in constructing a Financial Aid Package.

Determining the Amount of the Award

The amount of the award which a student will receive is determined by the amount of the student's financial need. Financial Aid is supplementary to the resources of the student and the student's family. The student and the family are expected to provide the maximum assistance possible.

The Financial Aid Office uses data from the ISIR along with other information submitted by the student to determine how much assistance the family should be expected to provide. This family contribution is then subtracted from the amount determined to be the total Cost of Education, which usually includes tuition, fees, books, supplies, room, board, transportation and miscellaneous expenses. (See - Cost of Attendance section) The resulting figure is called "student need" and this amount is the amount for which the student is eligible. The Financial Aid Office will award eligible students a package of financial aid from one or more of the financial aid programs. In some cases, it may not be possible to meet the student's full need. In these cases, students will have some Unmet Need and will need to find other sources in order to meet that need.

Notification of Award

The student is notified of the award package by the means of a personal interview and/or an Official Financial Aid Award Notice. The notice will specify the amount of aid the student will receive and from which sources the aid is available. The student will want to be aware of the terms and conditions of any aid received. If the student rejects the financial aid award, or any portion thereof, the student should be aware that his/her need for aid will be re-examined and that such rejection may jeopardize receipt of any other financial aid if the student does not communicate with the Financial Aid Office. If the student is NOT ELIGIBLE to receive aid from the programs, the student will also receive notification of ineligibility in order that the student can make other arrangements to meet the educational costs.

Methods of Disbursement

In order to receive money for living you must have a minimum cumulative attendance rate of 80% at the time of disbursement. If these funds do not go to you for living they will be applied to your contact cost until you are paid in full. If you achieve an 80% cumulative attendance rate any time after a disbursement date the amount that was scheduled for living will be disbursed to the student. Black Hills Beauty College does not hold funds in excess of the contract amount, meaning, once the contact balance is paid in full, all disbursable funds are released to the student/parent.

Example of scheduled times of Title IV HEA funds for a full-time, full contract student are:

- First Pell Grant - within the first week of beginning school, after all paperwork is complete.
- First Federal Direct Loan - after 30 days in school.
- Second set of disbursements - after completion of 450 hours, reaching the midpoint in weeks of the payment period, and meeting SAP.
- Third set of disbursements - after completion of 900 hours, reaching the midpoint in weeks of the payment period, and meeting SAP.
- Final set of disbursements - after completion of 1350 hours, reaching the midpoint in weeks of the payment period, and meeting SAP.

Transfer/returning student's disbursements will be the same for the first disbursements and adjusted accordingly to their hours needed for remaining disbursements. Example - a transfer/returning student that needs 1450 hours will have the following disbursement schedule:

- First Pell Grant - within the first week of beginning school, after all paperwork is complete.
- First Federal Direct Loan - after 30 days in school.
- Second set of disbursements - after completion of 450 hours, reaching the midpoint in weeks of the payment period, and meeting SAP.
- Third set of disbursements (prorated to hours needed) - after completion of 900 hours, reaching the midpoint in weeks of the payment period, and meeting SAP.

Continued Eligibility for Need Based Programs

During the academic year, students must continue to meet the original eligibility requirements for each of the programs. In addition, students must maintain Satisfactory Academic Progress throughout their course of study.

Students in school for another academic year must re-apply for each new academic year. Financial need is determined on a yearly basis.

Student Statement

All students receiving funds from Title IV Programs (Federal Pell Grant and Federal Direct Loan) must file a "Statement of Educational Purpose". This statement certifies that all money received from any of these programs will be used only for educational or educationally related purposes, certifies the student's status with Selective Service and certifies that the student doesn't owe a refund on a prior grant and is not in default on a prior loan. No aid can be disbursed to a student prior to the statement being on file in the Financial Aid Office.

Scholarships

BHBC offers a variety of scholarships that vary in amounts and qualifications. Scholarship information will be posted on our facebook page from time to time with full details on how to apply, value and qualifications. Please visit us at www.facebook.com/bhbeautycollege for more information.

Financial Aid Package Adjustments

Should a recipient receive additional financial aid after an award has been made, the original financial aid package will be reduced by the amount of the additional award. In such cases, a new award notice will be sent to the student for confirmation.

Verification Policy

The Financial Aid Office reviews all applications selected by the processor for verification. The Financial Aid Office may select other applications if conflicting information exist or if the Financial Aid Office feels additional applicants should be selected to assure the integrity of the Federal programs. No further action on a student's application can take place until the verification process is completed.

Students selected for verification must provide all requested documents in a timely manner when the Financial Aid Office becomes aware of the need to verify. If the documentation is not provided within this time frame, the institution cannot process the students application, forfeiting funding for the award year and must return any funds previously distributed for that award year. The documentation may consist of, but is not limited to, the following: copies of the student's tax return, copies of the parent's tax return, institutional verification forms and any other documentation required for verification purposes.

After verifying the information contained in the financial aid application with the documents provided, the institution will ask the student to correct with the processor, all information which does not meet Federal criteria.

In cases where the Financial Aid Office suspects fraud or criminal misconduct in connection with the aid application, the school will refer the applicant's case to the appropriate law enforcement authority having jurisdiction to investigate the matter.

Financial Aid Records

Satisfactory Academic Progress (SAP) is determined by cumulative hours and grades at various review points throughout the period of the contract. In general, students must achieve 70% attendance and have at least an 80% yearly grade in both Theory and Practical throughout their enrollment. Transfer/Reentry student's review points will be adjusted based on the number of clock hours needed, all other SAP requirements remain the same.

If a student does not meet Satisfactory Academic Progress at a particular review point, they are deemed to be either on Warning, Probation or not meeting SAP. If a student is determined to be on Warning or Probation financial aid disbursements will be made as scheduled. If the student is determined to be not meeting SAP, no aid will be disbursed during that period. A student will remain on the determined status until the next scheduled review. Please consult the Satisfactory Academic Progress policy for full details on the determination at each review.

If you have any questions concerning Satisfactory Academic Progress please call the Financial Aid Office at 605-342-0697.

Attendance Policy

Black Hills Beauty College operates continuously through the year except for the following holidays: Memorial Day, Independence Day, Labor Day, Thanksgiving, Christmas and New Year's Day. Students are required to attend on Saturdays, in order to receive the most clinical practice and get the best experience working quickly and efficiently. Unexpected school closures due to extenuating circumstances will be posted on our Facebook page. Professional conduct and regular attendance are expected. Students must have permission to be absent from school or to leave school at any given time. For absences to be excused, they must be approved by an instructor or by a school official. Black Hills Beauty College has an attendance policy that is designed to help the students meet or exceed the graduation requirement of GPA and the Satisfactory Academic Progress policy. The attendance policy requires 80% attendance rate and 80% in both theory & clinic lab grades. This policy also set a limit of the number of Saturdays that can be missed without incurring additional charges. A student will be charged \$80.00 for each Saturday missed in a month that exceeds one Saturday. Attendance of TLC classes and Personal Services will also be affected by attendance and grades that don't meet this policy. Official leave of absences do not negatively affect the attendance policy.

Transfer Students

All transfer students from another Cosmetology School wishing to enroll at Black Hills Beauty College will be individually evaluated prior to enrollment at BHBC. This evaluation shall determine the amount of previous hours credited and the type and amount of additional training needed.

The cost to the student for attending BHBC will be based on: tuition (current rate per additional hour), registration fee, student license fee and textbooks/equipment as needed.

The student will be given a pro-rated amount of time to complete the course. All school rules and policies will apply as per training agreement.

Black Hills Beauty College will send a Student Education Record to the South Dakota Cosmetology Commission for a student who transfers out. If the student owes a balance to Black Hills Beauty College on her/his account, the Student Education Record will not be released until such balance is paid in full.

Refund Policy

According to current Federal Regulation, there are several refund policies BHBC must consider when a student terminates his/her enrollment. The refund policies must be applied equally to all students. The school must provide at least the largest of the refunds calculated, and refunds must be made in a timely fashion. In general, refunds are calculated based on a percentage of time completed and tuition charged. If you have questions specifically about the refund process, please contact the Financial Aid Office at 623 St. Joseph Street, Rapid City, SD 57701 or call (605)342-0697.

One of the steps when determining a refund for a withdrawn student is calculating the amount of Title IV HEA funds that the student earned upon withdrawal, known as the Return to Title IV (R2T4) calculation. Conditions in which a return of funds would be required are based on; if the student started classes and the number of clock hours that were scheduled to be completed during a payment period up to the date of the student's last day of attendance. The R2T4 calculation determines the percentage of Title IV funds the student earned during their payment period and if a Post Withdrawal Disbursement can be made. A Post Withdrawal Disbursement (PWD) is funds that a student did not receive (either applied to contract cost or disbursed directly for living expenses) but were earned during a payment period. If the student's PWD includes loan funds, BHBC must get the student's permission before disbursing them. The student may choose to decline some or all of the PWD loan funds so they don't incur additional student loan debt. If the PWD includes grant funds, these funds may be automatically used by the school for tuition and fees without the student's permission. Any PWD grant funds that are not needed to cover tuition and fees will be disbursed directly to the student.

Black Hills Beauty College (BHBC) determines the student's date of withdrawal based on its Refund/Cancellation Policy which includes both "Official" and "Unofficial" notifications. Official notification would be a written notice by the student of their intent to withdraw or a student's expulsion by BHBC. The determination date of a student's withdrawal for an official notification would be the date of the written notice or the date the school expels the student (expulsion would happen within 30 calendar days of the student's last day of attendance). Unofficial

notification would be failure to return from an approved Leave of Absence or failure to attend classes for a period longer than 30 calendar days without intent to return to class. The determination date of a student that does not notify the school of their intent to withdrawal (Unofficial Notification) would be the expiration date of their Official Leave of Absence or 30 calendar days from their last day of attendance in the case of a student that fails to attend class as scheduled.

If a return of funds is required, the funds will be paid back to the program from which they came, in the order mandated by Federal Regulation pertaining to Title IV HEA programs. The order of return (if received from the particular program) is; Federal UnSub Direct Loan, Federal Direct Loan Sub, Federal Direct Loan PLUS, then Federal Pell Grant. Using this order, funds will be returned to the programs from which they came up to the amount disbursed from that program for that payment period.

Cost of Attendance

The Financial Aid Office at Black Hills Beauty College will consider any reasonable cost as part of the student's budget during the contract period, which includes: tuition, fees, textbooks, equipment, room and board, transportation, and personal expenses. The budget will reflect only the cost incurred by the student and not that of other family members. The Financial Aid Office has developed "standard" budgets for various types of student living arrangements. These budgets reflect prior student's actual experience while attending college. The Financial Aid Office can adjust the student's budget with documented information presented by the student. The information on "cost of attendance" is meant to serve as a guideline for students in developing their own budget. If the student has any questions or need further information they should contact the Financial Aid Office.

Budgeting

Students and parents will usually find that careful financial planning will be a priority in their preparation for college. Students will need to organize their finances and develop a realistic student budget. Effective money management (budgeting) includes the following steps:

1. Estimate the income available for college expenses. (savings, earnings, etc. as well as parent contribution and financial aid.)
2. Establish the expenses such as tuition, fees, textbooks, equipment, housing, food, transportation, and personal expenses. Avoid unnecessary purchases. You need academic credit, not installment credit!
3. Keep a record of actual expenses. Be prepared to meet financial obligations.
4. Periodically, review your budget for necessary adjustments in spending and/or the need for additional income.
5. If financial difficulties arise, visit the Financial Aid Office to see whether or not assistance may be possible.

Improvement Plan

Black Hills Beauty College employs a strategy for improvement of its educational structure that includes feedback surveys from our Advisory Committee, current students, graduates and employers. Along with the above mentioned surveys, BHBC also implements internal controls that help evaluate the effectiveness of our instructional methods and staff. These internal controls include daily grading of student practical work, weekly written test for the understanding of the theoretical knowledge of the students and major testing of both practical and theory knowledge throughout the students course of study. The instructional staff are required to obtain continuing education offered by BHBC or by other qualified providers. This improvement plan helps BHBC utilize and deliver a quality and up-to-date education to our students.

Copyright Infringement

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws- Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-share context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For “willful” infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorney’s fees. For details, see Title 17, United States Code, Section 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five (5) years and fines of up to \$250,000 per offense. For more information, please see the website of the U.S. Copyright Office at www.copyright.gov.

Drug Policy

This is to inform you of the requirements of the Drug-Free Schools and Communities Act of 1989, Public Law 101-226 and what Black Hills Beauty College requires of staff and students.

Black Hills Beauty College staff and students are prohibited from the unlawful manufacture, distribution, possession, or use of illicit drugs or alcohol. This prohibition applies while on the property of the school or participating in any institutional activity. Students or employees who violate this policy will be subject to disciplinary action, up to and including suspension, expulsion or termination from school/employment. In an effort to help students or employees that may have a drug or alcohol problem, BHBC will assist students or staff who are seeking counseling to find necessary counseling. Interested parties are encouraged to use the internet to access the most current and relevant information concerning local, state or federal sanctions for drug and alcohol offenses.

There are numerous legal sanctions under local, state and federal laws which can be used to punish violators. Penalties can range from suspension, revocation and denial of a driver’s license to 20-50 years imprisonment at hard labor without benefit of parole. Property may be seized. Community service may be mandated. Examples of penalties found in federal law for drug trafficking may be found at the website for the Drug Enforcement Agency, www.dea.gov.

Recent federal anti-drug laws affect a number of areas in everyone’s lives. Students could lose eligibility for financial aid, could be denied other federal benefits, such as Social Security, retirement, welfare, health, disability, and veterans benefits. The Department of Housing and Urban Development, which provides funds to states and communities for public housing, now has the authority to evict residents and members of their household who are involved in drug-related crimes on or near the public housing premises. Businesses could lose federal contracts if the company does not promote a drug-free environment. Finally, a record of a felony or conviction in a drug-related crime may prevent a person from entering certain careers.

The laws of the State of South Dakota are adequate to protect the innocent, but stringent enough to ensure that persons involved with illegal dealings of drugs or excessive use of alcohol can be adequately punished. For example, a small amount of drugs found on a person may lead to an arrest which could require the person to make payment of all court cost as well as participate in mandatory community service. A person found with drugs, with the intention to distribute, could be imprisoned. A person found to be intoxicated while driving could be forced to pay court cost, lawyer fees, participate in community service, receive an increase in the cost of automobile insurance or even lose their driver’s license and possible imprisonment.

South Dakota Cosmetology Commission has the authority to deny an individual a student license or professional

license for drug and/or alcohol related offenses.

Did you know that college students are more likely to be sexually assaulted than any other age group?

That is why Black Hills Beauty College feels it's so important to reach out to students with the most accurate information available, provide support when they need it, and make them aware of the support available in the area.

Accurate and Timely Information - BHBC encourages all interested parties to get the most up to date information by visiting online sources, in particular RAINN (Rape, Abuse & Incest National Network) at www.rainn.org.
